Agenda Item : Discussion/Decision: Recommendation on Approval, Approval with Conditions, or Denial of Subdivision Application for Burnt Fork Estates

Comment:

Dear Mayor Brandon Dewey and Stevensville Town Council Members,

A study on water rights and water availability for the proposed Burnt Fork Estates subdivision needs to be undertaken before the subdivision is approved. In addition, a study on the water availability impact to Creekside Meadows and the City of Stevensville is necessary. The availability of quality water is of utmost importance to a city and its citizens. Please always keep in mind that the people of Montana must remain vigilant of all her resources and protect her natural beauty for generations to come.
