Agenda Item : Discussion/Decision: Recommendation on Approval, Approval with Conditions, or Denial of Subdivision Application for Burnt Fork Estates

Comment: Burnt Fork Estates development application needs to be DENIED. This development will adversely affect the rural quality of the local environment as well as strain already stressed resources. The effects of climate change has been forecasted to lessen, and in many cases deplete water resources in this area. Additionally, the area in question will be lost - has already been lost - to agriculture. We need to maintain the rural nature of the Bitterroot Valley.
